2019-2020 School Year

Dear Parent/Guardian,

According to new York State Public Health Law, Section 2164 a child may not be permitted to attend school unless a certificate of immunization or proof from a physician, nurse practitioner or physician's assistant that the child is in the process of receiving any required immunizations has been provided.

You must have ALL Immunizations for School Attendance.

Your child will not be permitted to attend school without the necessary immunizations.

If any immunizations were not given at the correct intervals, an additional dose may be mandated as per NYS Guidelines effective July 2017.

Acceptable documents include: A signed, stamped record of your child's immunizations from your health care provider, health department or an official immunization record from your child's previous school. A NYSIIS/NYCIR record is also acceptable. The exact date each immunization was administered must be included in the record.

The required immunizations can be obtained from your family health care provider or your county health department South Brookhaven Health Center at 631-854-1300.

Bring the immunization record to the School Health Office. It will be copied and returned to you.

If you have questions or concerns about immunizations, please contact the school at 631-758-2250 ext. 4.

Sincerely,

Health Office
